Dear Mr Gopal

USAGE OF THE SONG 'SAVE MY WORLD'

We refer to your email dated July 10, 2015 requesting permission for the use of the Saving Gaia song '**Save My World**'. We understand that the music arrangement will be given to schools for the purpose of teaching, strictly on a pro bono basis.

We would like to thank you for playing a part in highlighting to our youths the immediacy of environmental issues facing our planet today.

We hereby agree to allow Guitarhymnia Music to rearrange this song for the school's usage on a pro bono basis. We hope that our youths will better understand their dominant role in helping to preserve Mother Earth and that through the power of music, the green message will have an amplifying effect in reaching out to more people.

For the purposes of copyright issues, we would like to request that all performances of this music arrangement shall ONLY be done within school premises and for non-commercial purposes. Any requests for public performances shall be made in writing to MediaCorp Pte Ltd, who will seek copyright clearance from the audio house accordingly.

Thank you.

Yours Sincerely,
